Customized Wax Solutions, Efficiently Delivered

THE RIGHT INGREDIENTS & SOLUTIONS

South Chicago Packing produces a wide variety of all-natural, non-petroleum wax solutions for industrial and consumer products with the perfect blend to meet your specifications.

OUR CUSTOMIZABLE SOLUTIONS OFFER A VARIETY OF OPTIONS FOR:

MELTING POINT

TRIGLYCERIDE SOURCE

SHIPPING (BULK OR FLAKE)

BLEND FORMULATION

Natural

- 100% natural and paraffin-free.
- All palm and palm kernel blends can be offered with RSPO mass balance certification.

Service and Logistics

- Centralized location, optimal for shipping anywhere.
- Logistics management with rails and trucks for bulk delivery.
- We use third-party logistics providers to streamline the process for you.

OUR PRODUCTS

SCP Base Waxes

Base wax designed to blend

Designed to blend with paraffin, scale, and synthetic waxes, fatty acids, and other natural wax esters.

- 100% All-natural base waxes for industrial use
- Available in tallow, soy or palm formulations
- Applications: Container candles, novena, tealights, pillar candles

SCP Wax Blends

Designed as candle extenders or drop-in blends

Wax extenders or replacements can be used as petroleum-based candle extenders or naturally derived drop-in candle blends.

- Hydrogenated animal fats and/or vegetable glycerides, non-petroleum
- Applications: Container candles, novena, tealights, wax melts

SCP Drop-in Speciality Blends for 100% Natural Candles

These products contain special additives to control fragrance load and appearance
